

The Committee *for* Clean Water, Natural Resources & Parks

## SB 5 Bond Measure: Coast & Ocean

The Committee for Clean Water, Natural Resources, and Parks (CWNRP) members worked hard alongside state legislators to successfully pass SB 5, a bond measure that voters will decide in June 2018. If passed by voters, the SB 5 Bond Measure would provide state agencies:

- \$35 million for grants to protect ocean and coastal ecosystems and wildlife
- \$40 million for grants to assist coastal communities and fisheries with climate change adaptation, including projects that address acidification and habitat protection
- \$30 million for lower cost coastal accommodations grants to public agencies and nonprofit organizations, and \$30 million for lower cost coastal accommodations in state parks
- \$60 million for projects that enhance recreation, tourism, and investments, including nonprofit visitor centers, aquariums and science centers that educate the public about natural landscapes, aquatic species, and wildlife migratory patterns
- \$85 million for protection of beaches, bays, wetlands, and coastal watersheds
- \$20 million for coastal forest watershed health
- \$5 million for estuarine lagoons and coastal wildlife areas
- \$80 million to prevent and reduce the pollution of groundwater

**A thriving coast and ocean for all.  
Join CWNRP.**

CWNRP and its partners are waging a vigorous campaign to ensure that voters approve the SB 5 Bond Measure at the June 2018 ballot. We are building the coalition and encouraging local engagement, raising a collective voice, and providing a platform for support.
