SB 5 Bond Measure: Drought, Flood & Fire Protection

The Committee for Clean Water, Natural Resources, and Parks (CWNRP) members worked hard alongside state legislators to successfully pass SB 5, a bond measure that voters will decide in June 2018. If passed by voters, the SB 5 Bond Measure will provide state agencies:

- \$350 million for flood protection
- \$290 million for drought and groundwater investments to achieve regional water sustainability
- \$100 million for stormwater, mudslide, and other flash-flood protections
- \$100 million for urban flood protection projects
- \$50 million for forest restoration including hazardous fuel load reduction and management for wildfire and climate change, with at least 30 percent for urban forestry
- \$20 million for protection of coastal forests
- \$443 million for climate preparedness and habitat resiliency

**A safer, more resilient California for all.
Join CWNRP.**

CWNRP and its partners are waging a vigorous campaign to ensure that voters approve the SB 5 Bond Measure at the June 2018 ballot. We are building the coalition and encouraging local engagement, raising a collective voice, and providing a platform for support.
