

The Committee *for* Clean Water, Natural Resources & Parks

SB 5 Bond Measure: Parks

The Committee for Clean Water, Natural Resources, and Parks (CWNRP) members worked hard alongside state legislators to successfully pass SB 5, a bond measure that voters will decide in June 2018. If passed by voters, the SB 5 Bond Measure will provide to state agencies:

- \$725 million for parks in park-poor neighborhoods
- \$200 million for local park grants on a per capita basis
- \$15 million for parks and rec grants to jurisdictions with 200,000 or less in population
- \$30 million for competitive grants to regional park districts, counties, open space districts, and open space authorities to create, expand or improve parks. \$5 million of this amount is allocated for projects in units of state park systems managed by nonprofits
- \$40 million for grants to local agencies that have approved local park revenue measures
- \$218 million for state parks and public access, including \$10 million for enterprise projects, \$5 million for local agencies that operate a unit of the state park system, \$18 million for fairground facility improvements, \$30 million for low cost state park coastal accommodations, and \$25 million for natural resources projects within state parks

**Parks for all.
Join CWNRP.**

CWNRP and its partners are waging a vigorous campaign to ensure that voters approve the SB 5 Bond Measure at the June 2018 ballot. We are building the coalition and encouraging local engagement, raising a collective voice, and providing a platform for support.
