SB 5 Bond Measure: Recreation, Tourism & Business

The Committee for Clean Water, Natural Resources, and Parks (CWNRP) members worked hard alongside state legislators to successfully pass SB 5, a bond measure that voters will decide in June 2018. If passed by voters, the SB 5 Bond Measure will provide to state agencies:

- \$4 billion total in natural resources investments that support California's \$87 billion outdoor recreation and tourism industry
- \$60 million for projects that enhance recreation, tourism, and investments, including nonprofit visitor centers, aquariums and science centers
- \$30 million for lower cost coastal accommodations grants to public agencies and nonprofit organizations, and \$30 million for lower cost coastal accommodations in state parks
- \$25 million for new recreational opportunities, tourism and economic vitality in rural communities
- \$443 million for climate adaptation and resiliency projects, including projects that improve and protect coastal and rural economies and develop future recreational opportunities
- \$30 million for parks and parks facilities grants, including regional sports complexes
- \$3 million for projects that support a Russian River regional use plan that promotes cooperative public recreation and commercial activity alongside restoration and protection
- \$5 million for improvements in and around Clear Lake that provide restoration and public recreation
- \$18 million for wildlife conservation grants, including provision of hunting and other wildlife-dependent recreational opportunities to the public through voluntary agreement with private landowners

**A thriving California for all.
