SB 5 Bond Measure: Clean Water

The Committee for Clean Water, Natural Resources, and Parks (CWNRP) members worked hard alongside state legislators to successfully pass SB 5, a bond measure that voters will decide in June 2018. If passed by voters, the SB 5 Bond Measure would provide state agencies:

- \$250 million for clean and safe drinking water, including \$30 million for regional supply projects in the San Joaquin region
- \$80 million to prevent and reduce the pollution of groundwater
- \$290 million for regional water sustainability, including \$50 million for groundwater sustainability planning
- \$100 million for water recycling, including \$20 million for agricultural operations to implement irrigation systems that save water

Clean Water for All.
Join CWNRP.

CWNRP and its partners are waging a vigorous campaign to ensure that voters approve the SB 5 Bond Measure at the June 2018 ballot. We are building the coalition and encouraging local engagement, raising a collective voice, and providing a platform for support.
